SENATE BILL

No. 637

Introduced by Senator Yee

February 22, 2013

An act to add Chapter 4 (commencing with Section 3300) to Division 3 of the Elections Code, relating to voting, and declaring the urgency thereof, to take effect immediately.

LEGISLATIVE COUNSEL'S DIGEST

SB 637, as amended, Yee. Early voting.

Existing law establishes procedures for voters to apply for a vote by mail ballot and use the ballot to vote in an election. Existing law allows a jurisdiction in which vote by mail ballots are cast to begin processing vote by mail ballots 29 days before the election.

This bill would require the Secretary of State to provide guidance to local elections officials in performing specified tasks for the purpose of promoting and expanding the practice of early voting, as defined, consistent with specified statutory authority. The bill would define "early voting" to mean voting a vote by mail ballot in person at the office of the elections official or another location designated by the elections official either before or on the day of the election.

The bill would require an elections official, on at least one Saturday on or after the date the elections official first delivers ballots to vote by

mail voters for a statewide election, or for any other election as determined by the elections official based on voter demand, to allow voters to vote in the election by means of early voting at the early voting location designated for this purpose, provided that the location is accessible and complies with disability access requirements under federal and state law. The bill would permit the elections official to determine the hours of operation for the designated early voting location or locations for each Saturday on which early voting is offered, provided that each location shall be open to voters for a minimum of 4 hours on each designated Saturday. These provisions regarding Saturday voting would not apply to ~~all-mailed ballot~~ elections *conducted wholly by mail* or to ~~all-mailed ballot~~ precincts *in which each voter is furnished with a vote by mail ballot, as specified*.

By requiring local elections officials to perform additional duties, this bill would impose a state-mandated local program.

The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

This bill would provide that, if the Commission on State Mandates determines that the bill contains costs mandated by the state, reimbursement for those costs shall be made pursuant to these statutory provisions.

This bill would declare that it is to take effect immediately as an urgency statute.

Vote: $\frac{2}{3}$. Appropriation: no. Fiscal committee: yes.

State-mandated local program: yes.
